### Strange Disappearance.

The mysterious disappearance of Mr. G. Skugar, president of the National Polish Alliance, and a manufacturer at Redfern, has been reported to the police. Mr. Skugar took an active part in arranging a reception to the newly-appointed Consul-General for Poland (Mr. Noskowski) last Saturday night. Mr. Skugar has not been seen since he left the reception hall on Saturday afternoon, to go home to change his clothes preparatory to attending the evening function. His factory remained closed throughout Monday and yesterday, and his friends, fearing that he might have gone to the factory on his way home on Saturday afternoon, and there been stricken with a sudden illness, suggested that the building should be searched. In the presence of Mr. Noskowski, the Redfern police broke into the factory last night, but no trace of Mr Skugar was found.
